

# GRAINPRO® FIBC HERMETIC POUCH™

Protect commodities without worrying about insect infestation losses, mold growth, and germination in transit!

## Features & Advantages

- Prevents damage due to condensation
- Preserves tastes, color, and aroma
- Made of hermetic material with superior barrier properties
- Worry-free transport & storage, secured from insect infestation
- Maintains quality and preserves germination potential
- Fit for storage of organic products
- Ease of mechanical operations using forklift
- Inhibits mold growth which may cause aflatoxins, a major public health hazard
- Maximizes space in shipping containers; fits up to two FIBCs per pouch

The GrainPro® FIBC Hermetic Pouch™ is a hermetic solution specially designed as a pouch for FIBC (Flexible Intermediate Bulk Container) or big bags. It is made of a lightweight polyethylene material with a barrier layer designed to preserve and protect dry agricultural commodities.

The GrainPro® FIBC Hermetic Pouch™ can accommodate up to two stacked big bags on a pallet and maximizes the space inside a shipping container and/or warehouse. This also allows users to safely store and transport grains in big bags using modified atmosphere technology. The pouch allows ease of mechanical operations using a forklift when relocating several stacks in various locations.

ADD ON: The GrainPro® hermetic Pouch™ also has a Gas Hermetic Fumigation (GHF) version that comes with an inlet port for easy fumigation. The GHF version is designed for CO<sub>2</sub> fumigation to immediately control any infestation using a CO<sub>2</sub> cylinder

- Effectively eliminates insect infestation while products are in transit
- Reduces the oxidation of commodities and development of microorganisms
- Designed for easy installation
- Inhibits and controls mold growth-producing aflatoxins and infestation
- Reduces fumigation costs

APPROXIMATE CAPACITY		
	Small	Medium
	Dimensions (L x W x H), cm (inch)	Dimensions (L x W x H), cm (inch)
	115 x 115 x 110 (45 x 45 x 43)	115 x 115 x 220 (45 x 45 x 87)
Baffle FIBC	1	2

**Disclaimer:** The approximate capacity provided above is based on our computation. **Capacity variance based on actual commodity stored will apply.**
