

GRAINPRO® COLLAPSIBLE DRYER CASE™

Keeping contaminants away to safely and evenly dry commodities even in erratic weather conditions.

Features & Advantages

- Reduces loss caused by spillage
- Easy to repair and maintain
- Portable and easy to relocate
- Does not need fuel or electricity to dry commodities
- Lightweight, collapsible rack for drying grains on almost any flat surface
- Enables rapid closing to secure commodities in case of weather changes
- Easy installation through inflation of sidewalls

The GrainPro® Collapsible Dryer Case™ is a low-cost portable dryer for effective, safe, and convenient drying of various agricultural commodities. It uses solar energy, which is the simplest and most economical drying method. With the use of the GrainPro® Collapsible Dryer Case™, agricultural commodities are guaranteed to be dried with minimum losses and minimal operational expenses.

The GrainPro® Collapsible Dryer Case™ is specially designed for easy setup and operation. It is made from woven coated PE which is twice as strong as ordinary tarpaulin and two times lighter than reinforced PVC. It is also easy to carry around and has inflatable sidewalls made of a PE tube. During nighttime or in case of sudden rain, the GrainPro® Collapsible Dryer Case™ can be easily folded with the use of pulling straps. The heavy-duty zipper and flap cover will prevent the entry of moisture or water, protecting the commodity from moisture re-absorption. It is supplied with a foot pump, cloth, duct tape, and operating manual. The GrainPro® Collapsible Dryer Case™ comes in three different sizes, refer to the table below for more information.

APPROXIMATE CAPACITY

| | Small | Medium | Large |
|---------------------|-------------------------------|-------------------------------|-------------------------------|
| | Dimensions (L x W), cm (inch) | Dimensions (L x W), cm (inch) | Dimensions (L x W), cm (inch) |
| | 915 x 300 (360 x 118) | 1,595 x 300 (628 x 118) | 1,325 x 595 (522 x 234) |
| No. of bags (50 kg) | 10 | 18 | 31 |

Disclaimer: The approximate capacity provided above is based on our computation. **Capacity variance based on actual commodity stored will apply.**
