A hermetic liner bag that protects dry agricultural commodities against insect infestation and mold growth, the GrainPro® Hermetic Bag™ preserves taste and aroma and preserves the germination rate of seeds for more than a year without using toxic chemicals. This solution is made of high-quality material with superior gas and moisture barrier layers that effectively preserve the taste, aroma, and quality of dry agricultural commodities sealed by cable ties or a two-track zipper that does not need locks or clamps to seal.

Commodities in GrainPro® Hermetic Bag™ can be stored for a prolonged period of time without the risk of moisture ingress. The use of GrainPro® Hermetic Bag™ also protects the commodity from insect infestation, mold growth, and aflatoxin production.
